- CNC ALUMINUM HARD COVER – HEAVY DUTY**  
 The CNC-milled aluminum hard cover with integrated metal reinforcement is built for uncompromising durability. Designed for demanding off-road use, it withstands vibrations, impacts, and extreme weather conditions. Tough at its core, bold in design – built for trails, rocky tracks, and desert sand.
- INTEGRATED LED LIGHT STRIP**  
 The integrated LED lighting provides functional illumination and a pleasant atmosphere at night. Whether cooking, organizing, or relaxing together, your outdoor area remains perfectly lit.
- SET UP IN SECONDS**  
 Thanks to its innovative mechanism, the awning is ready to use in under a minute. Simply unfold and extend – done. The self-supporting construction ensures stability even without additional poles, while telescopic poles can be used optionally if needed.
- EXPANDABLE INTO A PROTECTED SPACE**  
 With the additionally available tent room, you can quickly transform your awning into a sheltered, nearly enclosed space – ideal in wind, rain, or when you want more privacy at the campsite.
