Highlights

- **THE BEST OF BOTH WORLDS**

A robust hard shell combined with the large sleeping area offered by folding tents – at 240 cm deep, there's still room for bags and other items.

- **LIGHTWEIGHT HARD SHELL**

At only approx. 67 kg including ladder, mattress, and interior fittings, the tent is incredibly lightweight and suitable for almost all vehicle classes.

- **ALL ABOUT THE VIEW**

In addition to numerous large windows (including one in the roof), the MAPLE offers a fantastic panoramic front with a terrace function and sunshade.

- **SMART FEATURES**

From the access point for the auxiliary heater and smart interior organizers (two with three smaller pockets each) to a roller blind system on the roof window: the MAPLE is meticulously designed down to the last detail.

- **SMART DRAINAGE SYSTEM**

The tent features a smart drainage system that allows water to run off easily when open, preventing it from accumulating inside.

Why the MAPLE 155?

- **EXPANDABLE WITH ACCESSORIES:**

The MAPLE can be extended with an awning to create even more space on the ground – ideal for a kitchen or seating area.

- **SUPER EASY TO USE:**

No cover like with conventional folding tents, and thanks to gas springs, it's particularly easy to set up – with just one hand.

- **COMFORTABLE SLEEP:**

The air mattress can be inflated with more or less air as needed, adapting to your desired firmness.

- **COMFORTABLE & SECURE:**

1-click lock for closing the hardshell, comfortable air mattress, easy opening and closing of the tent, extremely durable materials – everything has been thought of in the MAPLE.

- **AERODYNAMIC DESIGN:**

A robust hard shell combined with the large sleeping area that folding tents offer – with a depth of 240 cm, there's still room for bags and other items.
